**PREPARATION FOR EXTERMINATION OF BED BUGS**

1. Remove all bedding (i.e. pillows, sheets, blankets, mattress pads and bed skirts) from bed and BAG prior to removing from unit and wash in HOT water. Need to dry on high heat. Place in new bags and seal. \*\*This will have to be done for each treatment.
2. Remove all clothing and items from dresser drawers, night stands, head boards, closets, any window draperies, and floors. BAG up and wash in HOT water. Need to dry on HIGH heat. Place items in new bags and seal. \*\*If unable to launder certain items, they can be frozen or placed in sealed plastic bins until the unit is cleared.
3. After laundering, leave all items in sealed bags until the unit has been cleared of bed bugs. After final inspection and the unit has been cleared, you may then return your items to dressers, closets etc, but NOT BEFORE.
4. Make sure that there is NO clutter on the floors.
5. Do not remove mattresses from unit.
6. Do not remove belongings from unit without having them bagged in plastic bags.
7. Do not deep clean unit until it has been cleared of bed bugs. You may vacuum and remove vacuum bag in an exterior garbage can between treatments.
8. Please leave unit prepared in between treatments if multiple treatments are needed.
9. You may remove any Furniture before, during, and after treatments as long as they are bagged/wrapped up prior.

**This is a residual spraying process.**

**OCCUPANTS AS WELL AS ANY DOMESTIC ANIMALS NEED TO BE OUT UNTIL THE PRODUCT IS COMPLETELY DRY (USUALLY 3 TO 4 HOURS). FISH TANKS HAVE TO BE UNPLUGGED AND COVERED UNTIL YOU RETURN. ADDITIONAL FEES COULD BE INCURRED IF WE NEED TO RETURN BECAUSE THIS WAS NOT DONE. FURTHERMORE WE WILL NOT BE RESPONSIBLE FOR ANY DAMAGE TO THE FISH TANKS THAT MIGHT BE INCURRED IF WE HAVE TO UNPLUG AND COVER THE FISH TANK.**

**BIRDS MUST BE OUT FOR 24 HOURS !!!!**
